About Us

ZonoSoft Technologies is a global technology solutions partner committed to accelerating digital transformation and enabling businesses to thrive in the modern digital economy.

We specialize in building *bespoke software*, *cloud-native platforms, and data-driven solutions* tailored to client needs.

" *Our mission is to turn innovative ideas into scalable, enterprise-grade products through technical excellence, agility, and a client-first approach.* "

Our Core Services

01 Enterprise Software Development
Custom ERP, CRM, and workflow automation tools designed to enhance operational efficiency & competitiveness

02 Web Application Development
Secure, scalable, and high-performance web applications, from dynamic SPAs to enterprise-grade portals

03 Mobile Application Development
Native (Swift, Kotlin) & cross-platform (Flutter, React Native) apps engineered for performance, reliability, & user engagement

04 UI/UX Strategy & Design
Human-centered design, wireframes, prototypes, and high-fidelity interfaces focused on usability and adoption.

05 Quality Engineering & Assurance

Flexible engagement models to extend in-house capabilities with specialized engineers, architects, and designers.

06 AI & Data Analytics

Machine Learning & predictive analytics solutions to empower decision-making, optimize processes, & unlock business insights

07 Dedicated Teams & Staff Augmentation

Flexible engagement models to extend in-house capabilities with specialized engineers, architects, and designers

08 UI/UX Strategy & Design

Human-centered design, wireframes, prototypes, and high-fidelity interfaces focused on usability and adoption.
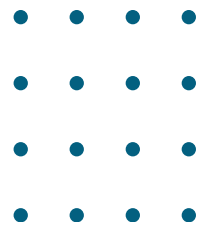

09 Cloud & DevOps Engineering

Cloud Migration: Smooth transition from legacy infrastructure to AWS, Azure, or GCP.

Cloud-Native Solutions: Applications architected for elasticity, availability, and resilience.

DevOps Automation: CI/CD, IaC, Docker, Kubernetes, and advanced monitoring for continuous delivery.

Why Choose ZonoSoft?

- **Technical Depth & Breadth:**

Proven expertise across multiple platforms, stacks, and industries.

- **Client-Centric Engagement:**

Long-term partnerships built on trust, transparency, and shared success.
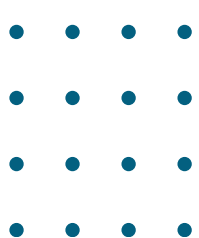

- **Security & Compliance:**

Strict adherence to ISO standards, OWASP guidelines, and regulatory compliance.

- **Global Delivery Track Record:**

A portfolio of successful solutions serving clients worldwide.

- **Flexible Engagement Models:**

From fixed-price projects to scalable, dedicated teams.

Technology Expertise

ZonoSoft maintains deep expertise across a diverse and modern technology stack:

| Category	Technologies & Platforms
Frontend	React.js, Angular, Vue.js, Next.js, TypeScript, Redux, Webpack, HTML5, CSS3/SASS
Backend	.NET Core, Node.js, Python (Django, Flask), Java (Spring Boot), PHP (Laravel), Ruby on Rails
Mobile	iOS (Swift), Android (Kotlin), Flutter, React Native
Database	Microsoft SQL Server, PostgreSQL, MySQL, MongoDB, Redis, Elasticsearch
Cloud & DevOps	AWS (EC2, S3, RDS, Lambda, ECS/EKS), Azure (App Services, Functions, SQL Database), GCP (Compute Engine, Cloud SQL), Docker, Kubernetes, Terraform, Ansible, Jenkins, GitHub Actions
Design & Tools	Figma, Adobe XD, Sketch, Jira, Confluence, Slack

Industry Expertise

We deliver tailored digital solutions for diverse industries:

|	
E-commerce & Retail	Marketplaces, high-conversion e-commerce platforms, and smart inventory systems.
Healthcare & MedTech	HIPAA-compliant apps, EHR systems, telemedicine solutions, and diagnostics platforms.
FinTech & Banking	Secure banking apps, payment systems, blockchain-enabled solutions, and compliance-driven platforms.
Logistics & Supply Chain	Real-time tracking, warehouse management systems (WMS), and automation platforms.
Education & E-Learning	LMS platforms, digital classrooms, and engaging mobile learning experiences.
Real Estate	Listing platforms, agent CRMs, and immersive property visualization tools.

Delivery Methodology
Agile Engineering Excellence

Our approach ensures transparency, collaboration, and measurable outcomes:

|	
Discovery & Strategy	Define goals, scope, and roadmap through deep-dive workshops.
Design & Prototyping	Create interactive prototypes and validate concepts early.
Agile Development	Iterative sprints with frequent demos and stakeholder feedback.
Continuous Testing	QA embedded at every stage for reliability and performance.
Deployment & Scaling	Smooth production rollout with monitoring and ongoing.
Post-Launch Evolution	Data-driven enhancements to maximize value and ROI.

Success
Stories

Client: PGS GameShop Management System

Industry: Retail & Gaming Accessories

www.pgsgameshop.com

Technologies Used:

- **Backend:** .NET Core (REST APIs)
- **Frontend:** Angular
- **Database:** Microsoft SQL Server
- **Hosting:** Cloud-based deployment

Challenge:

PGS GameShop required an all-in-one platform to manage sales, repairs, products, and expenses.

Manual processes created inefficiencies and limited profit visibility.

Solution:

ZonoSoft built a **custom GameShop Management System** featuring:
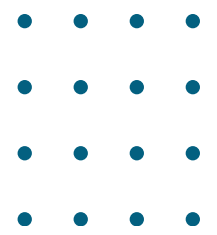

- Sales tracking with daily/monthly summaries
- Product inventory and stock control
- Repair job management forms
- Expense logging and reporting
- Dynamic content updates through the website
- Profit and daily sales calculation reports

Outcome:

- Automated workflows, reducing errors and time wastage
- Data-driven decision-making with reporting and analytics
- Client awarded a **5-star rating** for system performance and usability
- Scalable platform ready for future expansions

Client: Crystal Glassware E-Commerce Platform

Industry: E-Commerce & Retail

https://crystal-glassware.com

Technologies Used:

- **Frontend:** Angular / Custom Web Framework
- **Backend:** .NET Core APIs
- **Database:** Microsoft SQL Server
- **Hosting:** Cloud-based deployment

Challenge:

Crystal Glassware needed a modern **e-commerce solution** to showcase premium glassware products, handle online orders, and streamline fulfillment.
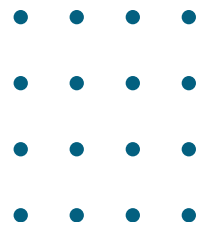

Solution:

ZonoSoft developed a full-featured e-commerce platform with:

- **Product Catalog Management:** Easy upload and organization of product listings with images, categories, and stock details.
- **Order Management:** End-to-end workflow for placing, processing, and fulfilling customer orders.
- **Shopping Cart & Checkout:** Secure and user-friendly buying experience with integrated payment handling.
- **Dynamic Content Control:** Admin dashboard to update banners, promotions, and website content.
- **Reports & Analytics:** Real-time insights on orders, revenue, and customer behavior.
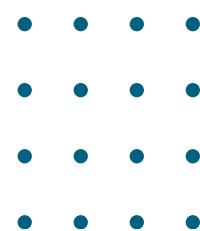

Outcome:

- Seamless online shopping experience for customers
- Simplified order fulfillment process for admins
- Boost in online sales through intuitive UX and automation
- Positioned client as a competitive digital retailer

"The e-commerce solution by ZonoSoft is exactly what we needed to scale our business online. Smooth, efficient, and professional."

- Crystal Glassware Management
